

# CUTTING

**Tile Cutter**

For scoring the surface of tiles prior to cutting. Tungsten Carbide tip.

**Tile Saw Blade 150mm**

Spare blade for 150mm TILE SAW.

**Diamond Drill Kit**

6mm; 8mm

Suitable for all hard tile types including: polished porcelain, quarry, slate, porcelain, ceramic, granite and natural stone tiles.

**Diamond Drill Kit**

35mm

Suitable for all hard tile types including: polished porcelain, quarry, slate, porcelain, ceramic, granite and natural stone tiles. Includes: drill guide and water cooling cup.

# SHAPING

**Parrot Nippers**

Shapes awkward to reach areas. Ideal for tiling, wallpapering, laying carpet, vinyl and laminate flooring.

**Shape Tracer 250mm**

Quick & easy way to copy tiling, wallpapering, laying carpet, vinyl and laminate flooring.

**Spirit Level**

250mm length. Handy level with integral ruler. Twin vials for accurate horizontal, vertical and angular measurements. Pre-shaped ends for instant marking out of angles.

**Tile Markers**

Marks ceramic tiles prior to cutting and shaping.

# TILEMATE PRO

TOUGH TOOLS FOR THE PRO

**Cut & Snap**

Simple to use score and snap system with a Tungsten Carbide scoring wheel. For use with ceramic, marble, terracotta, quarry and slate tiles up to 12mm thick.

**White Rubber Mallet**

Semi-hard white rubber mallet-will not mark or discolour surfaces.

**1400W Mixer**

For mixing cement, plaster, grouts and adhesives, fillers, paint and other mortars for construction. 1400W for mixing up to 160litres. Specially designed powerful motors. Twin gears for high performance. Electronically controlled variable speed. Lockable speed control for continuous operation. Lightweight for comfortable handling and carrying. Supplied in a storage case.

**Tile Nippers**

Premium Tungsten Carbide tipped jaws for accurate nipping. For use with all types of tile, including porcelain.

**Adhesive Trowel**

6mm x 6mm; 10mm x 20mm

Rust resistant stainless steel base. Reinforced riveted blade for longer life.

**3-in-1 Tile Nippers**

Multi-functional 3-in-1 tiling tool: Tile Nipper, Tile Pry bar, Tile breaking chisel.

**Tiling Knee Pads**

Slip resistant knee pad ideal for tiled floors and other hard floor surfaces including wood and vinyl. Removeable, puncture resistant hard cap.

**Tile Remover & Scraper**

Thick, professional high-carbon steel 100mm blade. Ideal for removing ceramic tile, marble, wood flooring, carpet & vinyl tile. For use in narrow and hard to reach places. All welded construction made of pipe steel with a replaceable blade.

**Grouting Sponge**

Ideal for grout application and removal. Round edges prevent 'digging out' of fresh grout.

# CUTTING

**Tile Cutter**

Available in 400mm and 500mm  
Cuts wall and floor tile up to 400mm and 280mm/500mm and 355mm diagonally. Equipped with a long-lasting 13mm Tungsten Carbide cutting wheel. Dual chrome-plated heavy duty steel rails ensure smooth scoring.

**Versatile Power Pro 750 Wet Saw**

Direct drive motor produces a constant cutting speed for ultra-smooth cuts. Automatic overload protection to prevent overheating. 180mm (16mm bore) diamond blade with continuous rim for an extra clean cut. Fully adjustable mitre guide for cutting tiles to any angle. Water cooling system with large reservoir and integral drainage. Transparent wheel guard with variable height adjustment. Convenient built-in carry handle.

**750 Clinker Manual Cutter**

Cutting head carriage with ball bearings for greater accuracy and easier use. High precision cutting head with replaceable Tungsten Carbide wheel. Table extensions to support larger format tiles. Large graduated swivelling cutting guide. Shock absorbing trays. Comfortable co-moulded handle. Wheels and carrying handle for easy transport. 2 year guarantee. Replacement cutting wheel available.

**900 Clinker Manual Cutter**

**1015 Bridge Saw**

Cuts up to 1015mm tile and can diagonally cut 725mm tile. Direct drive 1600w induction type brushless motor is ideal for cutting large format marble, granite and natural stone tiles. 6 ball precision cutting assembly allows motor to glide smoothly with minimal vibration for precise cuts. Completely enclosed dual water spray system even distributes water flow, extending the life of the diamond blade. Large side table extension provides extra support for large format tiles.

**Big/ XL Clinker Spare Cutting Wheel**

Replacement Tungsten Carbide cutting wheel. For use with the Clinker XL 750mm & 900mm / Big Clinker 630mm manual tile cutters.

# FIXING

**Wall Trowel 6mm Round Notch**

Hardened and tempered steel blade. Large soft grip handle for extra comfort.

**Mosaic Trowel 4mm Square Notch**

Hardened and tempered steel blade. Large soft grip handle for extra comfort. Perfect for applying a fine bed of adhesive

**Floor Trowel 20mm Round Notch**

Hardened and tempered steel blade. Large soft grip handle for extra comfort.

**Combination Spreader/Squeegee**

Convenient dual purpose design. Notch edge for fast adhesive application. Squeegee edge for rapid grouting

**Adhesive Mixer**

Perfect for cordless drills. For mixing adhesives and grouts.

**Tiling Knee Pads**

Slip resistant knee pad ideal for tiled floors and other hard floor surfaces including wood and vinyl.

**5m Tape Measure**

5m length. Impact resistant plastic housing with rubber outer cover. Thumb operated lock; with carry strap; and belt clip on reverse. Available in counter display unit.

# FIXING

**Tile Spacers**

- 2mm x 200
- 2mm x 1000
- 3mm x 200
- 3mm x 500
- 5mm x 100
- 5mm x 250
- 7mm x 100
- 10mm x 60

The easy way to achieve a more professional tiling finish. For constant and even spacing of tiles. Allows for a 2mm, 3mm, 4mm, 5mm, 7mm grout line. Easy breakable legs for T-Shape spacers. Re-sealable bag.

**Tile Spacers**

- 3mm x 3500
- 5mm x 1500

The easy way to achieve a more professional tiling finish. For constant and even spacing of tiles. Allows for a 3/5mm grout line. Easy breakable legs for T-Shape spacers. Handy bucket.

# FINISHING

**Grout Squeegee 300mm**

For easy application of grout to walls and floors.

**Grout Squeegee 200mm**

For easy application of grout to walls and floors.

**Grout Rake**

Removes old and discoloured grout.

**Grout Smoother**

Grout Finisher and Sealant Smoother Unique flexible tip for superb results on any surface. Perfect for smoothing most household sealants, fillers, grout and putty.

**Grouting Sponge**

Ideal for grout application and removal. Round edges prevent 'digging out' of fresh grout.

**Grout Float**

Non-stick float for easier grout application.
